GATEWAY ENERGY CENTRE (GEC), THE MANORWAY, STANFORD-LE-HOPE, ESSEX SS17 9PD

Dear [REDACTED],

I can confirm that NATS has assessed the application for a further variation to the consent for the GEC site at Stanford-Le-Hope. As the proposal is 25km away from our nearest infrastructure and includes no wind turbine elements, NATS anticipates no impact and has no comments to make on the application.
