Dear

Thank you for your letter to my colleague [redacted] dated 15/03/2016 regards the above consultation.

Having looked at the information supplied, I can confirm that your Manorway site (NGR 573209 182165) is approximately 25.330Km from our nearest site. Which is our Weather Radar at Thurnham. Our consultation zone around this site extends to a 20km radius and therefore we do not need to see any proposal which are located outside of this zone.

So there are no concerns and no comments.

Many thanks
